Projeto e fabricação de Moldes para injeção de plástico

Plastic injection mold design and manufacturing

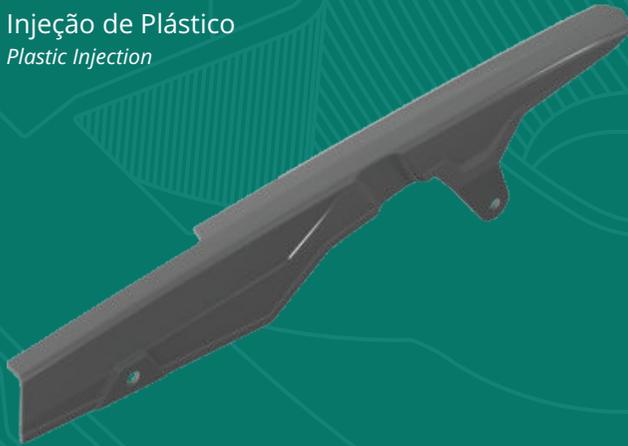

Atendendo a demanda de peças plásticas do mercado automotivo, a JN Ferramentaria ampliou seu portfólio se especializando na fabricação de moldes de alta precisão para injeção de plástico.

Meeting the demand for plastic parts in the automotive market, JN Ferramentaria expanded its portfolio by specializing in the manufacturing of high precision dies for plastic injection.

Case Drive Chain

Injeção de Plástico
Plastic Injection

Molde Case Drive Chain

Dimensão: 1060 x 620 x 847mm

Peso: 2240kg

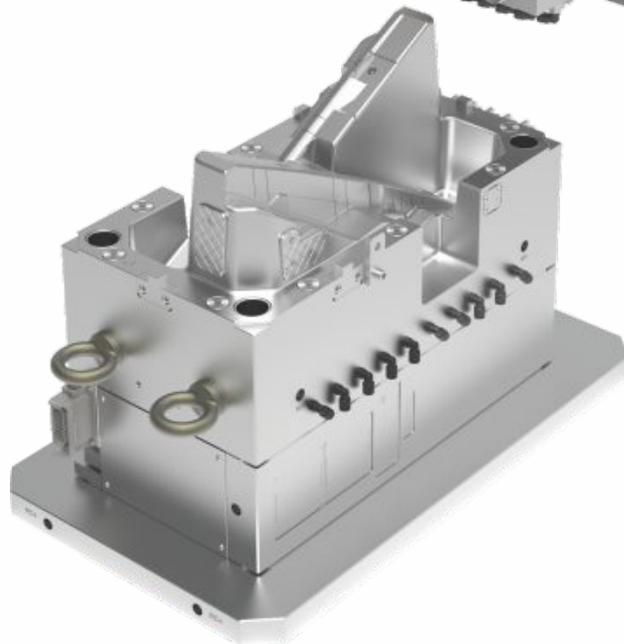

nº de Cavidades: 02

Mold Case Drive Chain

Dimension: 1060 x 620 x 847mm

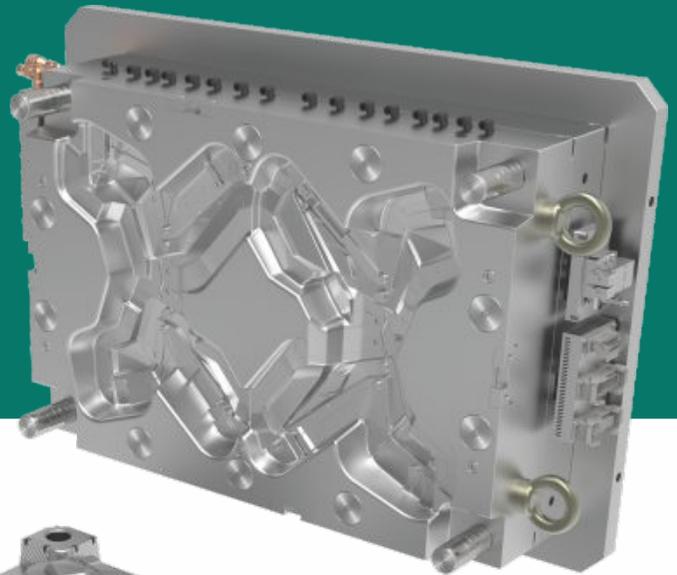

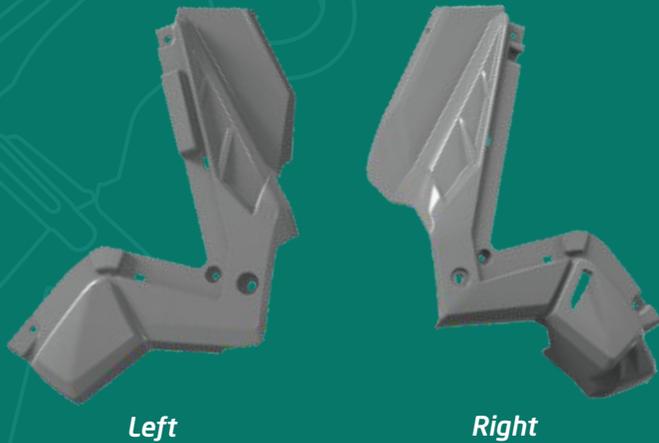

Weight: 2240kg

nº Cavities: 02

Cover R / L Side

Injeção de Plástico
Plastic Injection

Molde Cover R / L Side

Dimensão: 1560 x 1070 x 811mm
Peso: 6439kg
nº de Cavidades: 04

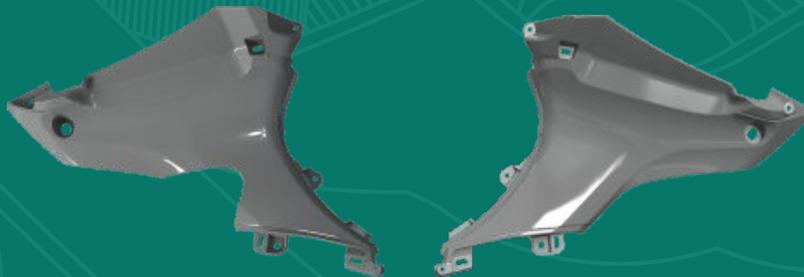

Mold Cover R / L Side

Dimension: 1560 x 1070 x 811mm
Weight: 6439kg
nº Cavities: 04

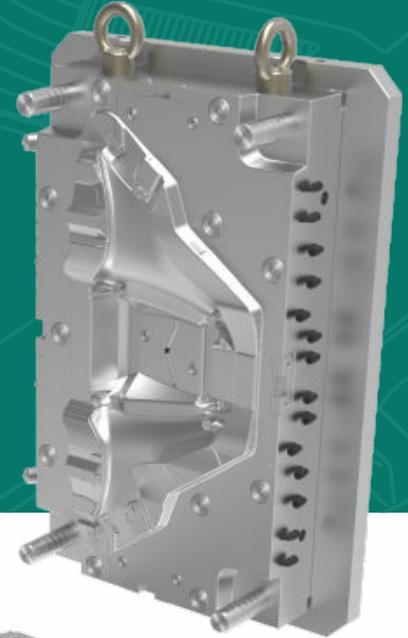

Cover R / L Leg Shield

Injeção de Plástico
Plastic Injection

Left

Right

Molde Cover R / L Leg Shield

Dimensão: 1230 x 850 x 700mm

Peso: 3700kg

nº de Cavidades: 02

Mold Cover R / L Leg Shield

Dimension: 1230 x 850 x 700mm

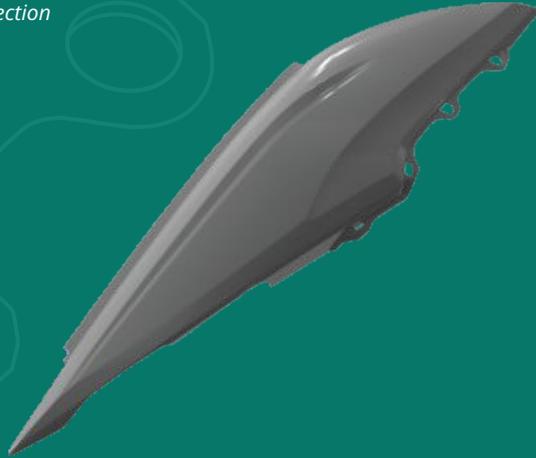

Weight: 3700kg

nº Cavities: 02

Cover R / L Body

Injeção de Plástico
Plastic Injection

Molde Cover R / L Body

Dimensão: 1425 x 1060 x 880mm

Peso: 6397kg

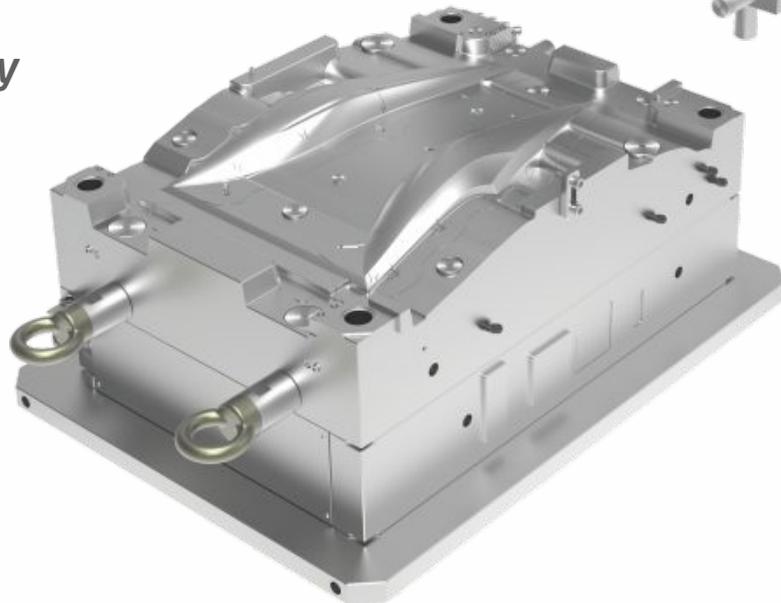

nº de Cavidades: 02

Mold Cover R / L Body

Dimension: 1425 x 1060 x 880mm

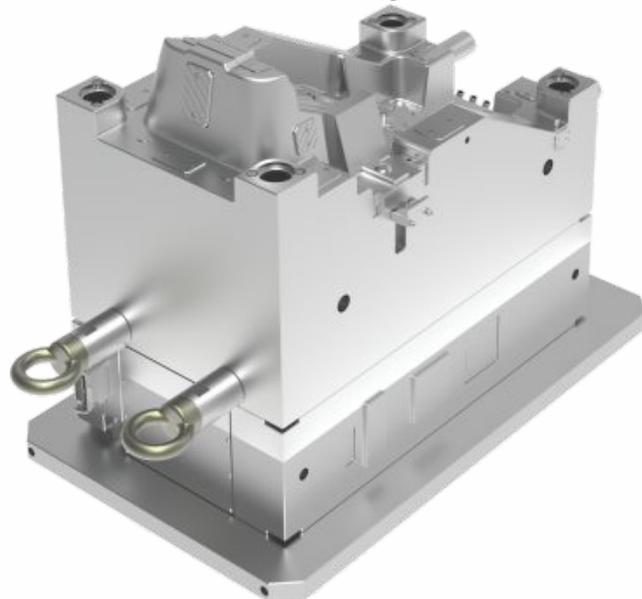

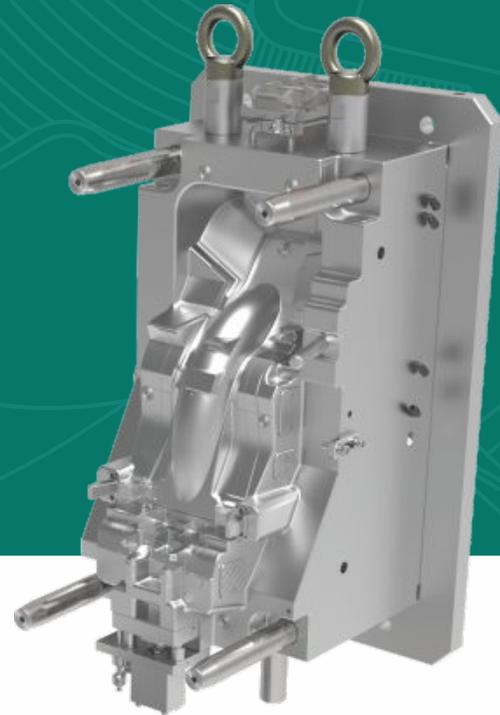

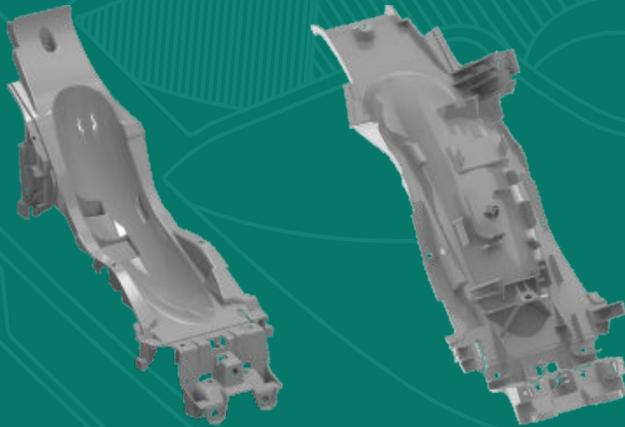

Weight: 6397kg

nº Cavities: 02

Fender B Rear

Injeção de Plástico
Plastic Injection

Molde Fender B Rear

Dimensão: 1325 x 810 x 1189mm

Peso: 5910kg

nº de Cavidades: 01

Mold Fender B Rear

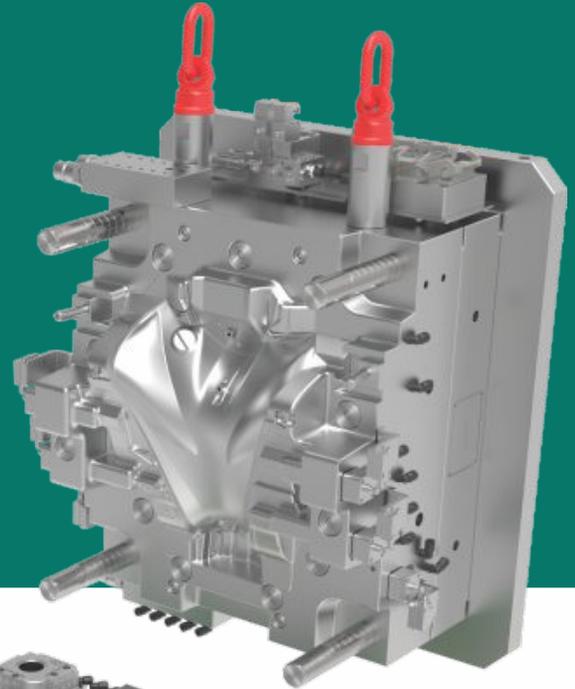

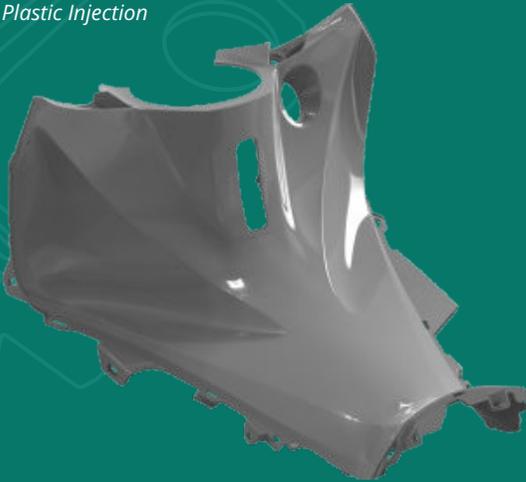

Dimension: 1325 x 810 x 1189mm

Weight: 5910kg

nº Cavities: 01

Leg Shield

Injeção de Plástico
Plastic Injection

Molde Leg Shield

Dimensão: 1020 x 1080 x 900mm

Peso: 4490kg

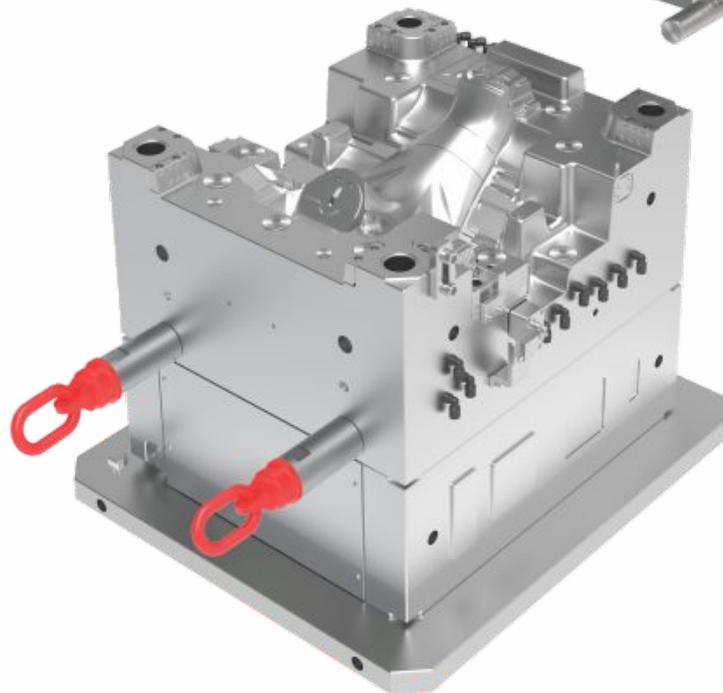

nº de Cavidades: 01

Mold Leg Shield

Dimension: 1020 x 1080 x 900mm

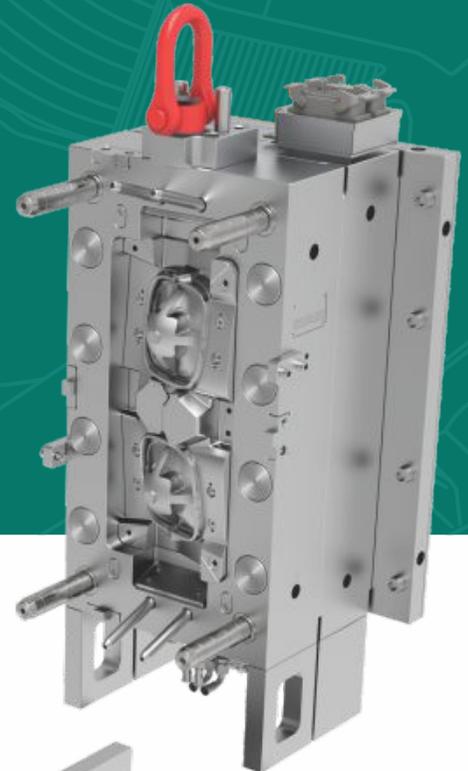

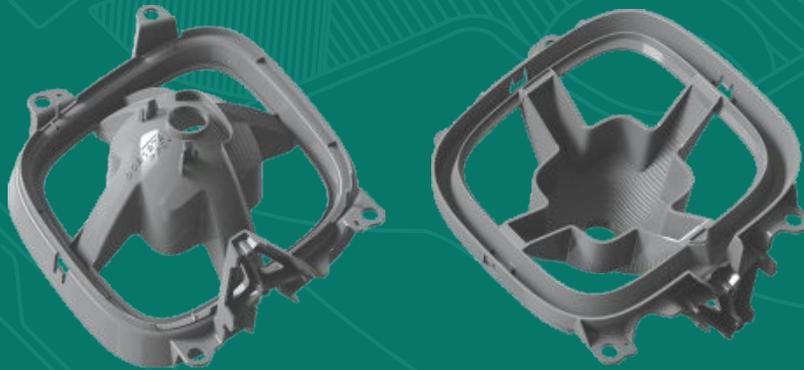

Weight: 4490kg

nº Cavities: 01

Turner Deflector

Injeção de Plástico
Plastic Injection

Molde Turner Deflector

Dimensão: 850 x 620 x 741mm

Peso: 2200kg

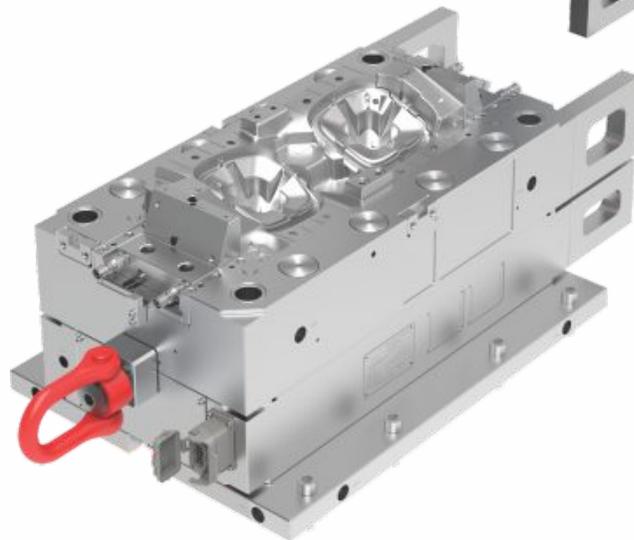

nº de Cavidades: 2

Mold Turner Deflector

Dimension: 850 x 620 x 741mm

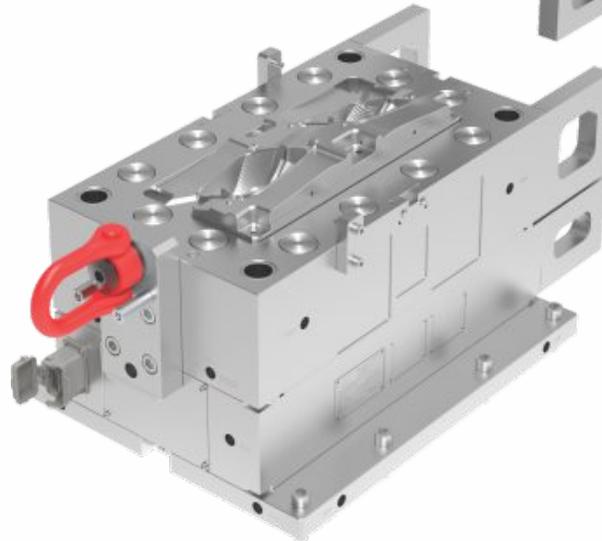

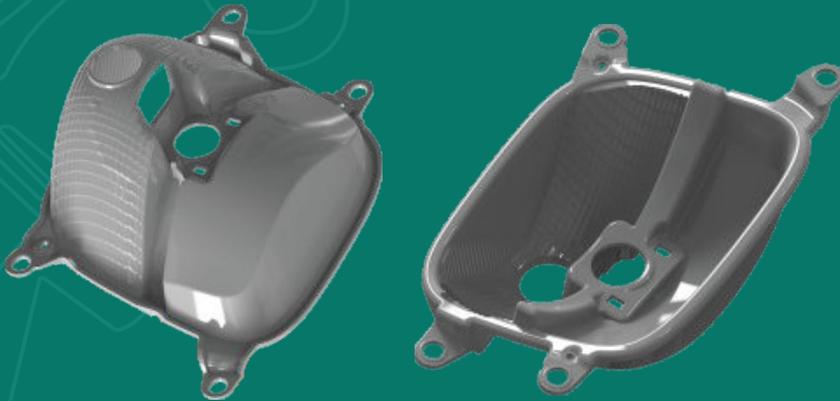

Weight: 2200kg

nº Cavities: 2

Stop Deflector

Injeção de Plástico
Plastic Injection

Molde Stop Deflector

Dimensão: 770 x 620 x 825mm

Peso: 2200kg

nº de Cavidades: 2

Mold Stop Deflector

Dimension: 770 x 620 x 825mm

Weight: 2200kg

nº Cavities: 2

Experiência com os melhores
Experienced in serving the best

Temos **satisfação** de dar suporte na produção de grandes nomes do mercado e atender as expectativas e metas de **qualidade** de cada uma.

We are pleased to be a helping hand in the production lines of large brands in the market and fulfill the expectations and quality goals of every one of them.
